| Reg. No. | 2026/000000/07                         | Quote No. | Q-2026-0091                     |
| VAT No.  | VAT4000000000                          | Date      | 03 September 2026               |

This quotation is valid until 03 October 2026 and sets out the pricing, scope and terms for the development, hosting/maintenance retainer, optional developer services, and contract terms for the ITSS Learn Learning Management System ("the App") supplied to African Code Academy (Pty) Ltd ("the Client").

### 1. Once-off Development — Administrative Build

A once-off development fee to build the LMS application to the Client's administrative requirements (learner management, course administration, reporting and related back-office functionality).

| Description                                                                                                      | Qty | Rate (ZAR)  | Amount (ZAR) |
|------------------------------------------------------------------------------------------------------------------|-----|-------------|--------------|
| LMS development to Client's administrative requirements (admin dashboards, learner/course management, reporting) | 1   | R 30 000.00 | R 30 000.00  |

Payable once-off on commissioning of the administrative build. This fee is separate from the monthly application fee below and from any content/course development work.

## 2. Monthly Application Fee (Recurring)

| Description                               | Frequency | Rate (ZAR)  | Amount (ZAR) |
|-------------------------------------------|-----------|-------------|--------------|
| ITSS Learn LMS application fee            | Monthly   | R 10 000.00 | R 10 000.00  |
| Annual total (12 months), paid in advance | Annually  | —           | R 120 000.00 |

- The monthly application fee of R 10 000.00 (R 120 000.00 per annum) is payable annually in advance, before any new Client development request is performed.
- The monthly fee covers the ongoing operation, maintenance and support of the App only.
- The monthly fee EXCLUDES: domain registration/renewal fees, database hosting fees, and AI model/API usage fees. These are billed separately at cost, or may be paid for directly by the Client.
- New development requests raised by the Client outside of the agreed scope are quoted and invoiced separately, and are only carried out once the current annual application fee has been paid in full.

## 3. Delivery, Onboarding & Timeline

- Delivery and onboarding of the App is scheduled for 25 September 2026.
- Recommended timeline: 4 months from onboarding to complete all training materials and administrative documentation, depending on the final number of courses the Client wishes to upload. This estimate should be re-confirmed once the course list is finalised.

## 4. Optional — Developer & Content Creator Services

In addition to the App itself, the Client has the option to engage the Developer directly for further development and content creation work on the following basis:

| Service                                                      | Basis           | Rate (ZAR)              |
|--------------------------------------------------------------|-----------------|-------------------------|
| Developer & content creator (ad hoc / project basis)         | Per day         | R 2 500.00 / day        |
| Developer & content creator (employed basis, from Sept 2026) | 4 days per week | R 2 500.00 / day worked |

- From September 2026, and separate to the annual application fee, the Client has the option to employ the Developer for content and other development work at R 2 500.00 per day, for 4 days per week.
- Of the 4 working days per week, 1 day is on-premises at the Client's offices; the remaining days may be performed remotely, unless otherwise agreed.
- This engagement is optional, invoiced separately from the App's monthly fee, and may be scaled up or down by mutual written agreement.

## 5. Contract Term & Renewal

- This quotation, once accepted, forms the basis of a 3 (three) year service contract between the Vendor and the Client.
- The contract is renewed every 12 (twelve) months, subject to both parties confirming continuation in writing prior to each renewal date.
- Pricing may be reviewed and adjusted at each annual renewal, with any changes communicated to the Client in writing at least 30 days before the renewal date.

## 6. Summary of Costs

| Item                                                 | Type                                 | Amount (ZAR)            |
|------------------------------------------------------|--------------------------------------|-------------------------|
| Once-off development (administrative build)          | Once-off                             | R 30 000.00             |
| Monthly application fee                              | Recurring (paid annually in advance) | R 10 000.00 / month     |
| Annual application fee total                         | Recurring (paid annually in advance) | R 120 000.00 / year     |
| Domain, database hosting & AI model fees             | Excluded — billed at cost            | At cost                 |
| Developer & content creator (ad hoc)                 | Optional, per day                    | R 2 500.00 / day        |
| Developer & content creator (employed, 4 days/ week) | Optional, from Sept 2026             | R 2 500.00 / day worked |

All amounts are quoted in South African Rand (ZAR) and are exclusive of VAT unless the Vendor is a registered VAT vendor, in which case VAT will be added at the applicable rate and reflected on the corresponding tax invoice.

## 7. Terms & Acceptance

---

- This quotation is valid until 03 October 2026 and is subject to the terms described above.
- Acceptance of this quotation constitutes agreement to the 3-year contract term described in Section 5.
- Any changes to scope, pricing or timelines must be agreed in writing by both parties.
